Cadets will also need other items for some events. We would recommend a good pair of walking boots, above ankle is best for this event and they will be used for walking days and Duke of Edinburgh expeditions. They will also need a good pair of walking trousers (not jeans), tops and lightweight waterproof jacket. As they progress, they will need a sleeping bag with a minimum of 3 season rating, backpack, day packs, mess tins. Kits list should be supplied with plenty of notice.

If you are unable to purchase any item, please feel free to speak to a member of staff, for some events we may be able to supply some items.

We also have a small stock of CS95 (Combat Soldier 1995 (old camouflage uniform green in nature)) but please do not purchase this yourself. Cadets will be required to supply black boots for wearing with this uniform.
